

One of the world's
most beautiful campuses.
(Forbes, 2010)

We like to think that our students, among the most diverse in the nation (Princeton Review), are also pretty lucky. Surrounded by architectural gems and dramatic, pedestrian-friendly spaces, UC students enjoy a campus clearly positioned for the 21st century. But we're more than a pretty face. Our students choose from hundreds of academic programs, including 11 ranked in the top 10. We've been called a research heavyweight (The Chronicle of Higher Education) and—did we mention?—we *invented* co-op back in 1906. It's no wonder we're welcoming the highest achieving freshman class ever. **TAKE A LOOK INSIDE!**
