In addition the list shall include any promotions, demotions and transfers (with the employees' previous and new classifications and work locations), terminations and resignations, departures from the bargaining unit, insufficient pay to cover dues deductions and leaves of absence. Employees who fill a position in a different classification shall be subject to a three (3) Month probationary period; Hoxworth employees shall serve a six (6) month probationary period; LAMs employees shall serve a four (4) month probationary period. Should the need arise in other areas for an increase in promotional probationary periods, the parties shall meet and attempt to negotiate a Memorandum of Understanding to address those areas. If an employee obtains the necessary certification and licensure, he/she is not precluded from applying for future vacancies.

New hires shall be subject to a six (6) month probationary period, which shall be called an original probationary period.

During the probationary period, the employee shall receive regular feedback from the supervisor. A written evaluation shall be conducted at the midpoint of the probationary period and at its conclusion.

ARTICLE 11 FILLING OF VACANCIES

1. The following language on promotions and the filling of vacant positions is the sole source of rights and obligations of the parties to this contract in these matters. Furthermore, the following language is intended to supersede all provisions applicable to public employees in the Ohio Revised Code and/or the Rules of the Ohio Department of Administrative Services relative to promotions and the filling of vacant positions.

2. ELIGIBILITY

A. Applicants currently not in an original or promotional probationary period status may apply for vacancies when posted. Applicants must meet minimum qualifications to apply for vacancies.

B. Any employee who has received any discipline in the three (3) months prior to their application for a shift selection, transfer or promotion shall not be eligible for consideration to fill a vacancy.

C. Those employees who have received a servable suspension or demotion shall not be eligible for consideration to fill a vacant position for a period of six (6) months.

D. The six (6) months eligibility period shall only apply to those

employees who have served suspensions or been demoted after the ratification of this agreement.

3. If a Department elects to fill a vacancy the vacant position shall be posted internally and may be posted externally for ten (10) working days. At the end of the posting period and after any necessary examinations have been given and scored, the position shall be filled in the following order:

- A. To the most senior qualified employee within the same department and classification desiring a different shift.
- B. Transfers
- C. Promotions
- D. If no University-wide bargaining unit employee applies for or no applicant meets the qualifications (as defined in Section 7 of this Article) for the position, then the position can be filled by an applicant from outside the bargaining unit.
- E. By mutual agreement of the Union, Human Resources and the Department, the above referenced timelines may be waived.

4. TRANSFERS

- A. At the end of the posting period and after any necessary examinations have been given and scored, transfers shall be filled in the following order:
 - 1. As defined in Section 7 of this Article, the selection shall be made from the top five (5) senior qualified bargaining unit applicants University-wide.
- B. An employee wishing to transfer within his/her primary classification from one department to another shall apply during the posting period. Such employee shall be exempt from all testing for a position in their current job title for which they already perform the job duties. An employee shall be given transfer consideration provided that the employee is qualified for

the posted position. Qualified transfer candidates shall be considered along with all other qualified employees. Upon request, an employee who was denied the transfer shall be provided the reason for such denial. If the University's action is based in whole or in part on portions of the employee's work record, such portions of the employee's work record will be made available to the Union for inspection upon consent of the employee.

- C. An employee wishing to transfer from one assignment/position to another assignment/position within the employee's departmental classification may apply for transfer when the job is posted as provided in this article.
- D. An employee can register their transfer interest by completing a Transfer Form that can be found on the HR webpage under forms. The employee will submit the completed form to their supervisor; the supervisor will submit the signed form to the Business Office and provide the employee with a copy. The Business Office will email the employee within five (5) working days with receipt of the form. The Business Office will keep the form on file for 6 months and will notify the employee when the requested position becomes available. It's the responsibility of the employee to apply for the position once it is posted in SuccessFactors as provided in this article.

5. PROMOTIONS

- A. At the end of the posting period and after any necessary examination have been given and scored, promotions shall be filled in the following order:

6. TESTING

- B. A lower level classification test will be made available to those employees who meet min qualifications wishing to promote outside of their classifications.

7. QUALIFICATIONS

The determination of qualifications will be based on passing an examination (where applicable), past work performance, job related experience, position qualifications, physical capabilities, education, experience, efficiency and certification or licensing requirements. A bargaining unit employee may not be permitted to take the examination when the position to be filled has a certification or licensing requirement that is not held by this applicant.

8. NOTIFICATION

Once the selection has been made, the University will provide to the Union a list of candidates referred for the vacancy, as well as the name of the candidate selected. Candidates referred, but not selected, will be so notified by the University, within fifteen (15) working days of filling the vacancy. Upon request of a candidate not selected, the University will provide written information concerning the reason for the hiring decision including the name of the candidate selected. A meeting of parties is not required to fulfill this obligation.

9. COMPENSATION

An employee accepting a lateral transfer shall be paid at the same rate of pay previously earned. An employee voluntarily accepting a demotion shall be paid at the post probationary rate. Employees accepting promotions shall be paid at the entry rate of the new pay grade or 5% whichever is greater. However, the salary shall not be increased beyond the maximum of the new pay grade.

10. TEMPORARY PROMOTION

Should a vacant position need to be filled on a temporary or emergency basis, the University, where practical, shall afford a lower classified employee in the same department an opportunity to temporarily fill the position until a permanent employee is appointed or returns to the position. A temporary assignment may last no longer than one (1) year unless such an assignment is to provide temporary replacement for an employee whose leave of absence exceeds one (1) year. During the temporary assignment, the employee shall receive a temporary wage level adjustment in recognition of the assumption of higher level duties and responsibilities. The temporary wage level adjustment shall be equal

to five percent (5%) of base salary (exclusive of longevity), but not less than the amount necessary to bring the employee to the minimum of the higher pay range, and shall commence at the start of the assumption of the higher duties; however, no adjustment will be paid unless the assignment exceeds two (2) weeks. A temporary work level adjustment shall be paid for all hours worked in the higher classification.

11. GENERAL

A. A promotional opportunity is defined as a classification with a higher pay range than is currently held by the employee. A voluntary demotion involves applying for a position which is assigned to a pay grade lower than the position currently occupied by the applicant. The following conditions do not constitute a promotion; added hours, increased benefits, lateral transfers and an increase in appointment level (FTE).

B. Application, testing or interviewing for any position will be allowed on University time for day shift employees only, provided the applicants have completed their original probationary period. Such privilege can be exercised a maximum of three (3) times per calendar year except that there is no limit on the number of interviews.

C. If the University Affirmative Action Plan identifies an under-utilization of women or minorities for a particular group which includes the vacant position, and no female or minority employee is included in the list of candidates, the University shall add the minority or female bargaining unit employee from the list who has the highest passing test score. If no such bargaining unit employee is eligible, the University may fill the position from outside the bargaining unit in test score order.

D. Vacancies will be filled within thirty (30) days when possible.

12. An employee who is promoted from outside the bargaining unit to a classification within the bargaining unit as a result of a promotional competitive examination, and then fails the probationary period, will have no further rights in the bargaining unit.

13. Employees in other than original probationary periods may be failed at will, and such failure shall not be subject to the grievance procedure, except for allegations of discrimination in violation of this

agreement. The University shall inform the employee in writing of the reasons for failure. Such an employee, upon failure of probation, will be placed in his/her previous position if still vacant. Otherwise, the employee will be placed in a vacant position within his/her classification. If no such vacancy exists in the classification, the employee will be placed in his/her previous classification and rate of pay in the prior department.

14. A bargaining unit employee who fills a position outside the bargaining unit may elect to return within six (6) months from his/her date of appointment outside the unit. If no permanent employee has begun working in his/her previous position, he/she may return to it. Otherwise, he/she may return to his/her former classification when a vacancy occurs within the six (6) month period.

15. Nothing in this agreement shall obligate the University to maintain an employee in active pay status during this six (6) month period.

16. The University shall give priority to bargaining unit employees who are currently laid off to fill vacant positions under this agreement that are scheduled to be filled, so long as the laid off employee is qualified for the position.

17. The terms and conditions of the Affirmative Action Program and Plan, which are prescribed by law, are not subject to the Grievance Procedure.

18. The University will provide the Union with one (1) copy of AFSCME job vacancies on a bi-weekly basis.

19. The University shall maintain accurate documentation of its activities to establish lists of candidates, which shall be available to employees and the Union for review.

ARTICLE 12
REDUCTION IN FORCE (LAYOFF) AND RECALL

1. The following language on reduction in force (layoff) and recall of Union employees is the sole source of rights and obligations of the parties to this contract in these matters. Furthermore, the following language is intended to supersede all provisions applicable to public employees in the Ohio Revised Code and/or the Rules of the Ohio Department of Administrative Services relative to reduction in force (layoff) and recall of Union employees.

2. In the event of a reduction in force for reasons of lack of work or lack of funds, reorganization or any other legitimate reason as determined by the University, the following procedure will be used. The Union retains the right to grieve and arbitrate the legitimacy of the University's decision pursuant to Article 9.

- A. The University shall identify the position(s) to be reduced and the employee(s), if applicable, to be affected.
- B. Layoffs shall be in accordance with University seniority. Prior to affecting permanent bargaining unit employees, persons within the bargaining unit classifications holding appointment categories of temporary, intermittent, temporary part-time, seasonal, provisional and original probationary affected by the reduction, shall be laid off first. The University shall not layoff bargaining unit employees in lieu of disciplinary action.

3. Where there is an employee(s) subject to a reduction in force, the University has the right to exercise the layoff by:

- A. Reassigning the employee(s) to existing open position(s) at the same classification level and FTE grouping so

long as the employee(s) is qualified (as defined in Article 11, Section 7 to perform the work done.

- B. Should there be no vacancies available, the employee(s) identified for layoff shall displace the lowest seniority University employee within the same classification and FTE grouping University-wide within the bargaining unit (refer to Appendix 1);
- C. Should there be no one of lower seniority in the same classification, then, University seniority permitting, the employee(s) should displace the lowest senior employee in the next lower classification and FTE grouping University-wide within the bargaining unit (refer to Appendix 1);
- D. Displacements shall continue by seniority and FTE grouping University-wide within the bargaining unit so long as the displaced employee(s) is qualified to do the work. The employee shall then be afforded the opportunity to bump down if they are qualified to hold that position, pursuant to the definition in Article 11.7, and if they have previously held that position. The lowest seniority bargaining unit employee within the classification affected shall be laid off.

4. The bargaining unit member(s) who is (are) subject to reduction in classification through displacement and/or layoff shall be sent a letter of notification by certified mail at least twenty-one (21) calendar days or shall have the letter of notification hand-delivered at least fifteen (15) calendar days in advance of the effective date of the action. The letter shall contain the effective date of the reduction in classification and/or layoff, reference to the recall and grievance procedures contained in this contract.

5. Bargaining unit members paid under grant/restricted funds (soft money) shall be laid off effective upon the delivery of a written notification to the employee prior to the usual notification period if the grant/restricted funds are cut off by the funding source without prior notification to the University. Immediately thereafter, the layoff process in this article shall apply as it affects displacement and recall.

6. Employees on layoff status will be notified when an examination is to be held to create or renew a bargaining unit eligibility list in classifications other than those to which the laid off employees are subject to recall. If qualified, such employees shall be permitted to take exams during the entire period of their layoff/recall eligibility. Employees will be ranked on the eligibility list according to the score received on the examination. Laid off employees shall be recalled to these additional classifications in their current or any lower pay grade in the order of their test scores, with the highest scoring laid off employee placed first, in the highest pay grade for which they are eligible and so on down for each eligibility list with all laid off employees placed prior to any other. In addition to the above, bargaining unit members who are on layoff and are unemployed will be placed by test score order to openings occurring in classifications for which they hold eligibility listing, bargaining unit-wide. Employees recalled to a different classification pursuant to this paragraph shall serve a six (6) month probationary period. If an employee fails probation, the employee returns to the recall list.

7. Notice of recall to an employee shall be made by certified mail to the last known address of such employee. A copy shall be forwarded to the Union. If undeliverable, the University's obligation shall be considered to be fulfilled. The recalled employee must notify the University within three (3) working days of the date of receipt of notice of his/her intention to return to work. The date for returning to work shall be no more than two (2) weeks from date of notice received or determined by the University. Failure to return from layoff shall subject the employee to termination of service pursuant to Article 8.

8. The recall of bargaining unit employees laid off or reduced to a lower classification shall be in reverse order of layoff or reduction to a lower classification, subject to FTE grouping, however an employee in the .75 or above FTE grouping will be offered the option of recall to a vacancy in the below .75 FTE grouping if that employee is senior to otherwise eligible employees in the below .75 FTE grouping. Should an employee accept the option to be recalled to the below .75 FTE grouping, the University will have thereby fulfilled its recall obligation to the employee. Bargaining unit employees shall be recalled prior to the hiring or placement of any employee in the same classification or lower classifications in the same classification series. Employees recalled from layoff shall not undergo a probationary period if recalled to the same classification or lower classifications in the same classification series

within the last twenty-four (24) months.

9. Bargaining unit employees laid off shall be put on an appropriate recall list according to their classification and seniority for a period not to exceed twenty-four (24) months. Recall shall be as prescribed in Paragraph 7 herein.

10. University seniority shall mean the length of time measured in continuous years, months and days of service an employee has been with the University of Cincinnati. Employees hired before October 22, 1984 shall have total state service in the calculation of University seniority. Termination of employment, not layoff, shall constitute a break in service.

11. Employees covered by this agreement are also covered by the applicable provision of unemployment compensation laws of the Federal Government and the State of Ohio.

12. A bargaining unit member may have the option to take a voluntary layoff with recall rights for twenty-four (24) months in lieu of displacing another bargaining unit member.

13. Four (4) officers of the Union shall be given super-seniority with respect to layoffs only. They shall retain their positions at the time of a layoff so long as there is work to be performed in that unit. If the unit is closed, they shall be assigned to bargaining unit work which they are qualified to perform. If there is no bargaining unit work which they are qualified to perform, they shall be laid off in accordance with the provisions of this Article.

14. For the purposes of this article, FTE grouping shall be defined as follows:

- A. those employees at or above .75 FTE
- B. those employees below .75 FTE but at or above .5 FTE.

15. Employees who, in lieu of being laid off, are placed in a position through an agreement between the Union and the university shall not suffer a break-in-service.

16. In efforts to avoid layoffs, the parties shall meet no less than 30

working days prior to discuss the possibility of a furlough. If the parties find that a furlough plan should be implemented, the parties will bargain over those effects.

ARTICLE 13 HOURS OF WORK AND OVERTIME

1. The regular work week shall consist of forty (40) hours, five (5) days of eight (8) hours each, unless otherwise mutually agreed by management and the affected employees; however where such a work week change will affect a group or unit of employees, the Union shall be given prior notice. (In departments where there is a continuous operation and the employees rotate their work shift, it may be necessary to also rotate their off days). Pay will be credited to the day on which the shift began, regardless of the length of the shift, unless the shift began at 11:00 p.m. or after.

2. Hoxworth Blood Center - The regular work week shall consist of forty (40) hours, five (5) days, unless otherwise mutually agreed by management and the affected employees; however where such a work week change will affect a group or unit of employees, the Union shall be given prior notice. (In departments where there is a continuous operation and the employees rotate their work shift, it may be necessary to also rotate their off days). Pay will be credited to the day on which the shift began, regardless of the length of the shift, unless the shift began at 11:00 p.m. or after. Overtime shall be paid in accordance to Article 13.
 - A. For Hoxworth Donor Services Employees, shift definitions will be as follows:
 - a. Day Shift: Any shift that falls outside of the description for evening and night shifts.
 - b. Night Shift: Any shift that begins at 4:59 a.m. or earlier.
 - c. Evening Shift: Any shift that ends at 6:01p.m. or later.

 - B. For Hoxworth Donor Services Employees, the pattern of scheduling and assigning work, including shift rotation and holiday rotation, shall be determined by Hoxworth. Donor Services employees will not be assigned to more than two (2) different shifts in a one (1) week period, for example, days and evenings, days and nights, or evenings and nights.

- C. Hoxworth will not schedule employees to work with less than twelve (12) hours between shifts except by agreement of the employee; however, the Union will be notified of such situations.
 - D. It is understood that being assigned to mobile may lead to scheduled overtime due to travel time.
3. Hours worked in excess of forty (40) hours per week shall be paid at the appropriate overtime rate.
 4. Work performed on the employee's sixth (6th) day or on the rotating shift, employee's first day off, shall be compensated at time and one-half, unless the employee has not been in a pay status for forty (40) hours that week. In such cases, the employee receives straight time for the first forty (40) hours of the week, and time and one-half for the balance.
 5. Time not worked but paid for because of a holiday, vacation, jury duty, sick pay as provided in Article 18, or Union leave shall be considered as time worked for purposes of "pay status."
 6. The rate of double time the regular straight time worked will be paid on the seventh (7th) consecutive working day in excess of forty-eight (48) hours. Only hours actually worked shall be counted for the calculation of double time pay (for the purpose of this Section, holiday hours will count as hours actually worked).
 7. The employee may elect to take compensatory time off in lieu of overtime pay at the appropriate conversion rate, at a time mutually convenient to the employee and his administrative supervisor within one hundred and eighty (180) days after such overtime is worked. Overtime worked outside of an employee's department must be taken as pay and not as compensatory time.
 8. If an employee is scheduled to work overtime, but reports sick, the scheduled overtime is cancelled, and no sick leave with pay or any other pay is given for the overtime period.
 9. Pertaining to Parking Services only: Within thirty (30) days of ratification of this agreement, representatives from labor and

management will meet and develop a Memorandum of Understanding (MOU) regarding overtime for special events. The MOU is to be completed within sixty (60) days from beginning of discussion.

10. Management will distribute overtime as evenly as possible among employees in the appropriate classifications who are qualified to perform the necessary work within an operational unit. A voluntary overtime rotating list shall be established by job classification seniority. For purposes of this paragraph, job classification seniority will include time spent in a higher classification, provided the employee was promoted from and returned immediately to his present classification. All voluntary overtime hours worked shall become part of the rotating list. When an employee declines a voluntary overtime request, his name shall be moved to the bottom of the list. The overtime list shall remain posted.

- A. Housekeeping employees who want to work overtime during times when students are mass entering or exiting the residence halls (e.g., the end of a quarter, spring break) must put their names on a voluntary overtime list by calling the Employee Relations office (513-556-6372) no later than May 1st of each year. If overtime opportunities are available during the periods described above, all employees on the list shall be called before non-bargaining unit employees are utilized.

11. Employees who must continuously monitor their duty station shall have a one-half (1/2) hour lunch period built into their eight (8) hour shift, and this lunch period shall be scheduled as close to the middle of the work shift as possible. It is understood that such employees are on duty while eating and may have to respond to duty requirements. Where the number of employees permits, efforts will be made to allow uninterrupted meal breaks.

There shall be a minimum of one-half (1/2) hour lunch period without pay for all regularly scheduled employees.

12. Whenever an employee is required to return to work at a time other than the employee's regular work schedule, thereby necessitating additional travel to and from work, the employee shall be guaranteed four (4) hours call back pay at the straight rate of pay or the appropriate overtime pay for the actual hours worked, whichever results in the greater financial advantage for the employee. It is understood that any

work performed prior to the start of the regular shift or following the end of the regular shift, so that no extra travel to and from work is required, will be paid at the appropriate overtime rate. If an employee is scheduled off for winter season days, and is called in to work, this section will apply.

13. Work schedules shall be posted a minimum of three (3) rolling weeks in advance. Before a change in the regular schedule is made, no less than forty-eight (48)-hour notice will be given, except in cases of emergencies or special maintenance operations. In no event shall any employee have a regular work schedule of more than seven (7) consecutive days. When operation requirements permit, every effort will be made to schedule consecutive days off.

14. For Grounds Moving and Transportation (GM&T) personnel engaged in snow removal, when there is a shift change, and employee required to report must call his/her Supervisor and the call-in line two (2) hours prior to scheduled start time to report an absence.

16. Bargaining unit employees working rotating relief shifts may request shift relief preferences in writing to the departmental supervisor. Supervisors will accommodate employees' preferences in accordance with needed classifications, first by University seniority, then by departmental seniority before assigning remaining staff. For purposes of this paragraph, University seniority will include time spent in a higher classification, provided the employee was promoted from and returned immediately to his/her present classification.

17. An employee who is not overtime exempt and is required to work on a day designated as a holiday may elect to take compensatory time off at time and one-half. Holiday compensatory time must be taken within one hundred and eighty (180) days of the holiday.

18. Any employee who is identified as essential, working during Emergency Closures (University Rule 30-16-01) will be paid double time (premium pay) for the period worked during the closure. The University will provide essential personnel with identification that indicates this

designation.

ARTICLE 14 SHIFT DIFFERENTIAL AND ON-CALL PAY

1. Effective July 22, 2012, the University will establish the beginning and ending times for shifts as 6:00 p.m. to 11:00 p.m. for second shift and 11:00 p.m. to 6:00 a.m. for third shift. Shift differential at \$.64 per hour will be paid for second shift and \$.57 per hour for third shift. The intent of the change is to hold the employees and the employer harmless in terms of the impact of the change to the time keeping system. The parties shall audit the shift differential process in July 2013 to assess the impact of the change to the time keeping system.
2. Employees who are "on-call" at Hoxworth Blood Center shall receive \$1 per hour.
3. Employees in Hoxworth shall only receive a shift differential at \$2.48 per hour to be paid for second shift and \$1.88 per hour for third shift.

14. The University shall make all original appointments at the entry rate of the classification pay grade. If it becomes necessary to implement advance rate hiring, University Human Resources reserves the right to identify market sensitive classifications which, if implemented, shall be adjusted for all bargaining unit members in the affected classification. Notwithstanding the foregoing language, unclassified employees can be hired at any rate higher than the starting rate in their classification based on prior experience in their field in which exceptional qualifications (scientific, professional or educational characteristics) are required, upon presentation of satisfactory evidence. Such advanced rate hiring will not affect the rates of incumbents in the classification.

15. In the event the University develops a job evaluation system, the University will meet with a committee of two (2) appointed by the Union to review the content and procedures of the job evaluation system.

16. Qualified employees at Hoxworth Blood Center shall receive twenty-five dollars (\$25) per shift when required to speak or write a foreign language.

17. A bargaining unit employee who is designated by the Hoxworth Blood Center to perform duties of a Team Leader shall be compensated at an additional one dollar and fifty cents (\$1.50) per hour for each hour during which he/she is designated as a team leader. The supplement shall be paid no later than the following pay period.

18. A bargaining unit who is designated by a director to perform training duties shall be compensated at an additional fifty cents (\$.50) per hour for each hour during which he/she is designated as a trainer. The supplement shall be paid no later than the following pay period.

19. The Asbestos abatement team in Maintenance shall receive a TWL in the amount of one dollar an hour (\$1/hr) for all hours worked.

20. Beginning July 1, 2021, and each year thereafter, redlined employees in grounds shall become eligible for wage increases.

21. All bargaining Unit employees shall receive a lump sum incentive bonus equal to 1.50% of their salary to be paid the first payday in December 2021.

22. The parties agree to create a sub committee to review the pay scale by December 2022.

ARTICLE 23 HEALTH AND SAFETY

1. It is the policy of the University to provide an environment for education, work, patient care and research which meets or exceeds applicable federal, state and local standards. The University will also adhere to practices which meet or exceed applicable federal, state and local standards for the prevention of damage of the off-campus environment. These practices will include procedures relating to emissions by air, liquid-carried wastes, solid waste disposal, by sonic or electromagnetic radiation.

2. Equipment specifications, work practice standards and design principles have been and will continue to be adopted by the University to effectuate this policy. Members of the University community shall be responsible for following practices designed to minimize risk and thereby avoid harmful exposure to chemicals, biological or radiological substances, or physical, or mechanical hazards.

3. It is the policy of the University to require that all members of the University community use facilities and equipment in prescribed manners so as to avoid injury and health damage to themselves or others. All members of the University community share in the duty to call observed potential hazards to the attention of appropriate individuals and

to specify methods known to them which will eliminate, or reduce to an acceptable level, those potential hazards.

4. It is the responsibility of each member of the University community, through designated safety and health staff, to assist all parties in maintaining safe and healthful conditions at the University.

5. In the event a properly constituted authority formally declares a facility or work site unsafe or uninhabitable, employees who cannot be assigned to work elsewhere shall be released for the balance of their shift without loss of pay.

6. The foreperson or supervisor must correct unsafe conditions promptly. He/she must see that all safety rules and good working methods are used by all employees. It is the duty of all employees to use the safety equipment provided by their supervisor and to follow all the safety rules and safe working methods recommended for their safety.

7. In the event of an on-the-job injury, the employee must notify the immediate supervisor who must seek prompt medical attention, prepare an injury report and forward the report to the appropriate office and Ohio Council 8. Employees who suffer a work-related injury on the job site, and who go to The Employee Health Clinic for treatment, shall be paid for the remainder of their shift. The University health care provider will estimate necessary time off and report to the Human Resources office.

8. If an employee incurs medical expenses or loses work time as a result of a work-related injury and wishes to file a workers' compensation claim, the employee should contact Human Resources for assistance.

9. During the course of employment, an employee may be required to have a medical examination if the employee's work or the work of the unit is substantially affected by a condition which the supervisor reasonably believes to be medically related. Further, a medical examination may be required to determine if an employee has a transmittable disease which poses a danger to co-workers or others. Certain employees also may be required to have a medical examination in order to satisfy medical accreditation requirements. The results of any examination shall be shared with the employee. Close coordination with Union leadership will occur when a medical examination is being

required, except when such an examination is to satisfy accreditation requirements. The University shall pay the cost of any required examination if performed by a University-designated health care provider.

10. The University shall pay \$160 towards the purchase of safety shoes where their use is required by management based on the recommendation of the appropriate Safety Committee. Hoxworth shall develop guidelines for loading Hoxworth vehicles to insure safe transportation and handling, and shall review those guidelines with the Safety Committee.

11. AFSCME will designate its representative on the Hoxworth Blood Center Safety Committee. Hoxworth shall develop guidelines for loading Hoxworth vehicles to insure safe transportation and handling, and shall review those guidelines with the safety committee.

12. Hoxworth LMC will discuss safe transportation and/or conditions for employees working evening hours.

13. Employees working third shift shall have the option to purchase a parking pass for a flat rate of \$25.00. This is an attempt to provide opportunity for the third shift employees to park closer to their area of work and address safety concerns brought forward by the union.

ARTICLE 24 EVALUATIONS

1. Employees shall be evaluated annually, on the employee's anniversary date of hire. Annual evaluations shall be administered as follows: Employees hired January through March shall be evaluated NO LATER THAN April; employees hired April through June shall be evaluated NO LATER THAN July; employees hired July through September shall be evaluated NO LATER THAN October; and employees hired October through December shall be evaluated NO LATER THAN January. Probationary employees shall be evaluated at the midpoint of probation and prior to the conclusion of probation

2. Establishing goals/standards and objectives is to be a joint activity between supervisors and employees with an emphasis placed upon reaching mutual agreements regarding standards necessary to achieve goals. A mid-year review shall be conducted at the midpoint of

the annual evaluation period. If a midpoint review is not possible, the supervisor shall at least discuss performance issues with the employee sufficiently in advance of the annual review so that the employee has an opportunity to improve his/her performance. Modifications may be made throughout the evaluation period under consideration as necessary. The evaluation will be based on the employee's progress towards achieving the established goals/standards and objectives.

The goals/standards and objectives to be used in the evaluation shall be established at the beginning of the evaluation period and shall represent acceptable performance. The written goals, standards and objectives shall be maintained in the department (with a copy given to the employee).

The same general standards shall apply for all employees performing the same duties. All narrative statements shall be made in reference to job duties and established goals and standards for an employee's position.

Actual performance shall be measured and evaluated throughout the period under consideration; it should not reflect only the most recent performance of an employee.

The evaluations shall be substantiated with specific and relevant examples of an employee's performance. These shall be entered on the comment section on the form for each goal/standard and objective evaluated.

Each employee shall be evaluated by his/her immediate supervisor. If an employee has been reassigned to a new supervisor within one (1) month of the evaluation date, the new supervisor shall consult with the previous supervisor in completing the evaluation if possible.

3. The University shall make performance evaluation training available to employees and their supervisors and shall make attendance at such training an expectation of these employees and supervisors.
4. The supervisor(s) shall meet with the employee in private to discuss the employee's performance, progress, or lack of progress, and developmental needs. The supervisor(s) shall allow the employee at least one (1) week to make comments on the evaluation form. If additional space is needed, an attachment may be added. After the evaluator(s) have signed the form, the employee shall sign the form to

acknowledge that the evaluation form was reviewed and discussed with the supervisor(s) and that the employee received a copy of the evaluation. The employee's signature does not indicate agreement with the content of the evaluation.

5. Employee performance evaluations shall be considered as having met all goals/standards and objectives for the year, if the evaluation is not completed, signed on a timely basis, and returned to Human Resources Records for inclusion in a central file by the last day of the month set by Section 1. If due to extenuating circumstances, it is not possible to perform the evaluation on a timely basis, an untimely evaluation shall be included in the Personnel file as a reflection of an employee's performance. Extenuating circumstances are as follows:

- A. Extended absence of the employee or supervisor(s) beyond the filing deadline.
- B. The resignation of a supervisor and the subsequent hiring of a new supervisor who has not had sufficient time to properly evaluate the employee.

6. An employee may make written statements regarding his/her evaluation and the setting of goals/objectives and standards which shall become a part of the evaluation form.

Employee mid-point reviews and probationary employee evaluations are not grievable.

7. Evaluations shall not be used in determining the order of layoff or recall or to establish eligibility lists for filling of vacancies. Further, evaluations shall not be considered as corrective actions.

8. Allegations that an evaluation was not performed under the procedures in this article are subject to the grievance procedure. The standard remedy in these situations shall be (but is not limited to) that the evaluations shall be re-done following the appropriate procedures. In those cases where the standard remedy is applied, the revised evaluation shall then replace the grieved evaluation in the employee's Human Resource Record.

B. The University will give the Union ninety (90) days written notice of its intent to contract functions or for services if such contract would adversely affect contractual rights of bargaining unit members. Such notice will state what functions or services are involved and what classifications will be affected.

C. If contracting of work presently performed will result in the displacement of bargaining unit members, the University will notify the Union of the specific positions to be displaced no less

than thirty (30) days prior to the effective date and will promptly meet with the Union at its written request to discuss the effects of subcontracting.

D. While the University retains all of its rights, attempts will be made to retain employees at the University or provide work with the subcontractor. It will not be considered a layoff if the employee is transferred or given other duties at the same pay.

5. The University agrees to save the Union harmless of any Civil Rights charges concerning the validity of employment tests administered.

6. The University shall pay for certificates/licenses required for employees to maintain employment in their positions. All employees requiring certification/licensing as part of their job shall be eligible to attend, without loss of pay and, when feasible, at the expense of the University, classes, meetings or seminars which are approved by the University as being of benefit to the University and to the educational development of the employees involved. The number of employees who are authorized to attend any said class, seminar or meeting will be determined by the University and will be contingent upon operational requirements, including patient care and staffing requirements at the time. The Union and Hoxworth shall address certification/licensure issues specific to the Blood Center in a Memorandum of Understanding.

7. The Hoxworth Blood Center will maintain professional liability insurance covering Phlebotomists while performing duties assigned and paid for by the Hoxworth Blood Center.

8. Uniforms:

A. The University will provide an annual reimbursement, upon receiving proof of purchase or clean University-provided uniforms and career apparel. The option shall be at the discretion of the unit. All reimbursements will be available annually July 1 - June 30 each year. The department shall provide a partial reimbursement to probationary employees and the balance after completion or provide the employee with University provided uniforms and career apparel. Reimbursements will be distributed no later than 30 days upon proof of purchase.

B. Employees will be provided a minimum of three (3) sets

of career apparel (including five (5) blouses/shirts) or five (5) uniforms as needed, but not more than one (1) time per year, to accommodate seasonal needs where appropriate. The Union shall be consulted for input before uniforms and career apparel are purchased. Uniforms and career apparel must be neat in appearance and may not be worn other than during work time. If a uniform or career apparel is damaged due to non-job related activities, the employee will pay for replacing the uniform. The University will replace a uniform or career apparel damaged from normal wear. Disputes regarding the application of this section shall be addressed through the grievance procedure.

9. Labor/Management Committee:

A labor management committee will be responsible for developing partnering strategies and establishing programs that will lead to cooperative and collaborative labor-management relations. The agenda for each meeting shall include at least one item intended to further these goals. The Committee may establish task forces to deal with specific issues, such as subcontracting, work redesign, employee recognition and safety issues not within the jurisdiction of the established safety committees.

13. The University will permit employees working overtime as a result of a snow emergency to utilize vacation time or compensatory time off during their regularly scheduled shift provided the emergency is under control.

14. Except for the purpose of recognition as defined in Article 2 of this agreement, the definition of Intermittent Employee, Part-time Employee, Permanent Employee, Seasonal Employee and Temporary Employee, will be that contained in the glossary of the Policies and Procedures Manual of the University.

15. The University shall provide a copy of this Agreement to bargaining unit employees at the University orientation program.

16. The Union acknowledges that various departments and units within the University have developed and implemented performance incentive programs, i.e., bonuses, spot awards. If participation of bargaining unit employees is considered, the University will notify the Union of the programs prior to implementation. The Union may make a written request to meet and discuss the program and the employees' participation. If the Union fails to respond to the notice, bargaining unit employees will be included for participation.

The University may discontinue any incentive program at any time. The University will notify the Union, in writing, if a program in which bargaining unit members are participating is to be discontinued. The Union reserves the right to notify the University, in writing, of their desire to discontinue participation in performance incentive programs.

17. If a letter from the Union Staff Representative is received by the Director of Employee Relations, alleging that a supervisor has engaged in a pattern of abusive behavior, the Director will conduct an investigation. The Union will be notified in writing of the results of the investigation and whether or not appropriate action is warranted and has

been taken.

18. Within thirty (30) days of ratification of this agreement, a labor-management committee shall be established to review concerns regarding availability and cost of parking.

ARTICLE 26 STAFF RECOGNITION

Employees may take advantage of opportunities for on-the-job training, formal training, performing higher-level duties, and other opportunities to expand their knowledge base and demonstrate increased skills. Demonstrating increased skills is one way employees may increase their value to UC and become eligible for salary increases or lump sum bonuses.

This program is a responsibility shared by both the employee and the immediate supervisor. Employees are encouraged to work with their supervisor to plan the activities and functions that will lead to skill development. Employees are encouraged to set and follow through with training and development goals.

To support this program in an equitable manner, supervisors, managers and directors shall announce opportunities within the work area that will allow interested and qualified employees to benefit from internal development opportunities.

Employees are encouraged to communicate openly and frequently with their immediate supervisor concerning skill development goals. Meetings during the year are encouraged to facilitate communication between supervisors and employees about progress toward skill development and career plans.

Employee contributions can be assessed through positive change or improvement in the following areas:

1. Knowledge, Skills and Ability that demonstrate:
 - Initiative/Problem solving
 - Service orientation/Departmental or Institutional Perspective
 - Operational Effectiveness/Resource Management

- Special Projects
2. Outcomes and Results that demonstrate (over a period of time):
- Consistency
 - Dependability
 - Reliability

In determining eligibility for a salary increase or lump sum bonus, employees and supervisors are encouraged to consider the following:

- What impact has the employee made on team, departmental, or organizational performance?
- What level of competence has been brought to bear in handling the demands of the role?
- To what extent have agreed objectives and outcomes been achieved?

Examples of activities that may result in a salary increase or lump sum bonus may include but are not limited to:

- Provides substantial contribution to the fulfillment of goals and objectives of the Office, Department, or Division through performance of special assignments.
- Provides creative, innovative ideas or solutions using strategies, which increase efficiency and/or the effective use of resources or which strengthen the image of the Office, Department or Division.
- Demonstrates outstanding leadership to the Office, Department, or Division resulting in significant accomplishments.
- Completes educational degree or job relevant certification.
- Completes training that supports and demonstrates more effective job performance.
- Demonstrates significant and continuous increase in service, quality of work, and/or productivity.
- Demonstrates initiative that makes systems more efficient and/or processes more streamlined, effective and valuable.

- Takes on assigned responsibility of job training for newly hired coworkers.
- Makes contributions towards improvement or enhancement of the quality of departmental services that make a significant difference for colleagues, students, staff and customers.
- Accomplishes unique and non-recurring endeavors not normally associated with the duties of the position

Employees are eligible for salary increases or lump sum bonuses. The philosophy of the program is to reward performance, enhanced skills and/or productivity among current employees.

Lump sum bonus process

The process provides a means of recognition and financial reward for performance that exceeds normal expectations and requirements for the position or for one-time accomplishments. (See Criteria)

The employee may request a lump sum bonus, the employee's supervisor or area administrator may recommend that such a bonus be given to the employee. The initiator will submit the request form to the VP designee. If the employee submits the form, he/she must copy his/her supervisor and department head on the request. The employee will be informed of the status of his/her request within thirty (30) days of submitting the form. In a case where the supervisor is not willing or able to discuss a lump sum bonus, the employee should complete the appropriate form and send a copy to his/her supervisor, department head and VP/VP designee. Each division/unit of the University will have an approval process that may include the Department Head, Business Office, Dean, etc. (process to be determined locally in each unit). Regardless of the local unit process, in all cases, the lump sum bonus requires Vice Presidential approval (or approval of the VP designee).

Requests under this policy may be processed at any time, but no lump sum bonus will be reviewed within one (1) year of the last review for the same position except by mutual agreement of the University and the employee. The VP/designee shall notify the employee, the employee supervisor and HR in writing of the determination of the lump sum bonus within 30 days of receipt of the request by the VP/VP designee including the reason for the determination. There is no central funding for a lump sum bonus; funding is the responsibility of the individual unit/department. A lump sum bonus does not become a part of the

employee's base salary. Within 30 days following VP/VP designee approval, a PCR will be processed by the employee's department for the lump sum bonus and must include the approved request form in the Comments box. Compensation will review and approve as appropriate.

Wage Progression Process

The process provides for rewarding employees through pay progression within their current position and classification. Opportunities for increased compensation may be available for application of new skills and expertise already developed over time in the job or based on plans set forth for future development. Employees who are interested in wage progression should approach their supervisors by completing the appropriate form, a copy of which will be sent to the VP/VP designee. The employee will be informed of the status of his/her request within thirty (30) days of submitting the form.

Supervisors/managers/administrators may also approach employees with suggestions for increasing employee skills in order to take advantage of wage progression. (See Criteria)

Progression opportunities should be demonstrably equally available to all staff who meet the criteria. Skills and expertise already developed should be documented including objective evidence of how those skills and expertise were applied in the job. This information should be mutually agreed upon and submitted on the Wage Progression/Lump Sum Bonus Form. The opportunity for increased future compensation, based on plans set forth for future development, ideally begins with a mutual agreement between an employee and their supervisor. The written agreement submitted on the Wage Progression/Lump Sum Bonus Form will include specifics of the agreed upon criteria, the objective evidence that will be used to assess whether the employee has met the agreed upon criteria, and a time-line for completion. There could be a general progression arrangement for the department as a whole or an individual progression agreement for a single employee.

The supervisor should meet with the employee requesting wage progression. The supervisor will document the discussion and agreement (if any), sending copies to the employee, department head and VP designee. Within 30 days of submission of the Wage Progression/Lump Sum Bonus Form, the VP/VP designee shall notify the employee, the employee supervisor and HR in writing of the determination including the reason for the decision. Each division/unit of the University will have

an approval process that may include the Department Head, Business Office, Dean, etc. (process to be determined locally in each unit). Regardless of the local unit process, in all cases, the salary increase requires Vice Presidential approval (or approval of the VP designee).

All funding is the responsibility of the individual unit/department; no central funding is provided.

Requests may be processed at any time, but no wage progression request will be reviewed within one (1) year of the last review for the same position except by mutual agreement of the University and the employee. A wage progression salary increase becomes a part of the employee's base salary. A PCR will be processed by the employee's department for the increase and must include the approved request form in the Comments box. Compensation will review and approve as appropriate. The effective date of the increase would be the first day of the pay period that contains the effective date the employee has completed all criteria, as submitted either by the supervisor or employee for approval as determined in the written agreement or the date of submission of the form whichever is appropriate.

The Staff Recognition program is not subject to the grievance procedure. Disputes will be referred to the Labor-Management Committee. The Labor-Management Committee will develop guidelines for resolving disputes.

ARTICLE 27
SAVINGS CLAUSE

If any Article or Section of the Agreement or any addition thereto would be held invalid by operation of law or by any tribunal of competent jurisdiction, or if compliance with or enforcement of any Article or Section should be restrained by such tribunal, the remainder of this Agreement and addenda shall not be affected thereby, and the parties shall enter into immediate collective bargaining negotiations for the purpose of arriving at a mutually satisfactory replacement for such Article or Section.

ARTICLE 28
EMERGENCY WAIVER CLAUSE

In cases of circumstances beyond the control of the University, such as an Act of God, war, flood, civil disaster, and other similar acts, affected portions of this Agreement will be automatically amended accordingly. In addition, and notwithstanding other Articles of this Agreement, Management reserves the right, during any such emergency, to assign or lay off employees to work without regard to their employment classification. Such assignments or layoffs may be subject to the grievance procedure upon termination of the emergency.

ARTICLE 29
MAINTENANCE OF STANDARDS

1. This Agreement will be the sole recourse available to bargaining unit members represented by the Union pursuant to the Ohio Revised Code, Section 4117.10(A).
2. This Agreement supersedes any conflicting agreements, clauses, policies, procedures and memorandums, with the exception of arbitration decisions, judicial decisions, applicable administrative agency decisions, and mandated Personnel and Board policies between the University of Cincinnati and members of the bargaining unit. Unless made a written part of this Agreement, the conflicting items, less the listed exceptions, shall be considered null and void on the effective date of this Agreement.

ARTICLE 30 SEASONAL CLOSURE

The University will be subject to a seasonal closure between the Christmas and New Year's holidays each year of the contract. Employees not required to work shall receive their regular pay for any such days. Employees deemed essential by their unit and required to work during a seasonal closure shall be granted seasonal time on an hour-for-hour basis in addition to their regular pay for the day. Such seasonal time shall not be unreasonably denied. Such seasonal time can be utilized at the employees' discretion in the place of any other contractual leave (except sick time) with no unreasonable restrictions. Seasonal time earned must be utilized no later than last day of June following the dates it was earned, of each year of the contract or it will be forfeited.

EMERGENCY CLOSURE

Essential employees who do not report to work during the emergency closure shall use vacation or comp, unless the employee is sick for the entire shift, then they shall be granted use of sick time.

Non-essential employees who call in due to inclement weather prior to the University closing shall not be required to use their own time for the time period that the University is closed. This applies only to when the University closes within a two-hour window from the start of their shift.

Third shift employees who are non-essential will not be required to come in for the duration of their shift, if the University is closed due to inclement weather, at their start time.

ARTICLE 31 DURATION

This Agreement shall be effective July 1, 2021 and shall continue in effect until midnight, April 30, 2024 and thereafter from year to year unless either party gives at least sixty (60) days written notice prior to expiration or any yearly anniversary date thereafter, to terminate this Agreement; provided, that should any applicable change be made in State Law that would be contrary to any provisions herein, that provision would be automatically affected accordingly.

APPENDIX 4

MEMORANDUM OF UNDERSTANDING DISCIPLINE FOR UNPAID ABSENCES

The following is the policy of the University as it relates to Bargaining Unit employees who incur intermittent absences due to long-term chronic or terminal medical conditions:

In instances where an employee's attendance is addressed through the University's discipline system for conditions stated above, the hearing officer will consider the cause for unpaid absence, if the condition is substantiated to the satisfaction of the Hearing Officer. Such consideration is limited to employees who do not have a history of attendance abuse. Further, such consideration, when given, will not be cited in routine absentee cases as evidence of inconsistency.

APPENDIX 5

MEMORANDUM OF UNDERSTANDING SHIFT DIFFERENTIAL/CLERMONT COLLEGE

This Memorandum of Understanding is entered into by AFSCME and the University of Cincinnati pursuant to the 2006-2009 collective bargaining agreement, Article 14, Section 6.

Effective May 9, 2006 Custodial Workers and Laborers at the Clermont Campus working second or third shift will receive a \$.29 per hour shift differential in addition to the shift differential cited in Article 14.

The University may discontinue this program at any time. The University will notify the Union, in writing, if this program in which bargaining unit members are participating, is to be discontinued. The Union reserves the right to notify the University, in writing, of their desire to discontinue participation in this program.

APPENDIX 6
MEMORANDUM OF UNDERSTANDING
HOXWORTH, OVERTIME

Hoxworth Blood Center recognizes that a forty (40) hour scheduled work week may not always be possible because their operations are solely dependent on the availability of the donors, however when an employee (Phlebotomist or Mobile Unit Assistant) elects to work an off day, the employee will be paid a monetary bonus. The monetary bonus will be calculated as follows:

- ITL acting in the supervisory capacity of a Team Leader on an overtime day \$30
- MUA or Phlebotomist on an overtime day
\$25

The University may discontinue any overtime incentive program at any time. The University will notify the Union, in writing, if a program in which bargaining unit members are participating is to be discontinued. The Union reserves the right to notify the University, in writing, of their desire to discontinue participation in overtime incentive program.

APPENDIX 7
MEMORANDUM OF UNDERSTANDING
HOXWORTH CERTIFICATIONS/LICENSES

All Hoxworth Donor Services employees required to maintain certificates/licenses for continued employment in their positions shall provide a minimum four (4) week notice when requesting to attend classes, meetings or seminars. These classes, meetings, or seminars, which are required for successful recertification/licensure, must be approved by the University as being of benefit to the University and to the educational development of the employees involved.

Should an employee fail to meet the minimum four (4) week notification period, the Donor Services Manager will review the opportunity to participate in the educational event with the employee on a case by case basis and approve or disapprove contingent upon the operational requirements of the department as outlined in Article 25, Section 6.

The employer may request documentation for the aforementioned classes, meetings, or seminars.

The University may discontinue this program at any time. The University will notify the Union, in writing, if this program in which bargaining unit members are participating, is to be discontinued. The Union reserves the right to notify the University, in writing, of their desire to discontinue participation in this program.

APPENDIX 8

MEMORANDUM OF UNDERSTANDING LAMS SCHEDULING OF OVERTIME FOR WEEKENDS AND HOLIDAYS

LAMS staff are considered essential personnel and are vital to maintaining the health and well-being of the research animals entrusted to LAMS care. Regulations require animals to be cared for by qualified personnel every day, including weekends and holidays.

One month prior to the next 6-month weekend/holiday schedule staff will meet. Overtime is on a volunteer basis starting with the most senior qualified technician to work a schedule rotating until the least senior qualified technician has chosen a schedule. Round 2 will follow the same process and so on until all weekend/holiday schedules are filled. If no one volunteers for a weekend/holiday schedule, LAMS management will assign the vacancy beginning with the least senior qualified technician who has not volunteered to work a previous schedule.

In the event the technician would like to change (trade or give away) his/her weekend/holiday schedule after the 6-month schedule has been finalized, a “weekend/holiday schedule change” request form must be submitted to a supervisor no less than three (3) working days prior to the weekend/holiday requested to change. If the technician changing his/her schedule does not have another technician to work the schedule, it will be posted in the breakrooms for volunteers. In the event more than one (1) staff member volunteers for a schedule, LAMS management will assign

the schedule to the most senior qualified technician according to the volunteer rotating overtime list.

Management will make every effort to assign overtime as equally as possible. If there are no volunteers to work the overtime, the original technician assigned to the schedule will be required to work.

If the technician calls off sick on the Friday before his/her scheduled weekend/holiday, he/she MUST state on the call-in line if he/she plans to work the weekend/holiday.

If the technician calls off sick (unscheduled), the technician on the 6th schedule* will be notified to come to work.

In case of an emergency or illness on a weekend/holiday/winter close, the employee scheduled to work must call the call-in line (513-558-5267) and the supervisor on-call (513-400-5539). If the supervisor on-call cannot be reached, notify another supervisor by calling his/her desk phone. The supervisor will be responsible for reassigning the schedule. The technician with the emergency or illness will be required to show proof of absence the first business day the employee returns to work. The technician calling off shall make every effort to give as much notice as possible before the start of their shift so that a replacement can be found in a timely manner.

Weekend/holiday schedules are approximately 4-hour

workdays. If technician is going to work more than 4 hours, he/she must call the supervisor on-call prior to the end of the 4-hour shift to let him/her know. If technician works more than 6 hours, he/she must take a lunch, as a 30-minute lunch will be deducted automatically.

*The 6th schedule will be an on-call schedule. The technician volunteering for this schedule will be paid \$1.50 an hour on-call pay equivalent to \$15 for an on-call shift. The supervisor will contact the technician on-call if he/she is to come to work. The technician is required to report to work. If the technician does not answer when called or fails to show to work, the on-call pay may be impacted.

During Seasonal Closure, the employees will work 8-hour work days with an extension to use seasonal time earned no later than September 30th following the dates it was earned of each year of the contract or it will be forfeited. Such seasonal time shall not be unreasonably denied.
